**Show Time As:** Tentative

**Recurrence:** (none)

Topic: Cooperating agency review of the Navajo Generating Station-Kayenta Mine Complex preliminary draft EIS

Date: May 26, 2016

Time: 9:00 am to 12:00 pm (MST-AZ)

Location:  
BIA-Western Regional Office  
2600 N. Central Avenue, Phoenix AZ 85004  
Conference Rooms 434-435 (Eagle-Buffer Rooms)

Conference line: 1-888-566-1670; 1613483#

Hello All,

The Bureau of Reclamation is pleased to extend this invitation to our next cooperating agencies meeting for the NGS-KMC EIS. As many of you know from participating in the EIS subgroups, we have come a long way in the draft EIS development process and are anticipating a public draft EIS release this Fall.

Prior to that, we would like your review and comment on a preliminary draft EIS for cooperating agencies scheduled for release on May 26, 2016. Due to our extremely tight schedule, comments will be due toward the end of June (30 days). Your thoughtful review of the document will help ensure we develop the most complete and comprehensible public draft possible.

The objective of this meeting is to roll-out the document, highlight central results/themes, and answer any questions. An agenda is forthcoming. Please note there is a conference call-in number for those who wish to attend by phone. I've limited the distribution of this invitation to primary agency contacts; please forward to others in your organization as appropriate. We look forward to meeting with you, and thank BIA-Western Region for its gracious hospitality in hosting the meeting.

Please don't hesitate to contact me with any questions.

Thanks,  
Russ

Russell Callejo
